To Our Supporters

Open Studio Series is the collaboration of a diverse group of local visual artists sharing their studios with the community. Visitors are encouraged to openly discuss the varied processes with each artist in the environment where it all begins.

We are excited for the opportunity to share our varied working experiences, and look forward to your visit.

Our partnership with the Art Center Sarasota will benefit all concerned with the advancement of visual art. A financial token of appreciation and support will be gifted to the Art Center.
